

CONTACT	Email: simone@interrato.dev Website: https://interrato.dev Bluesky: @interrato.dev
INTERESTS	Applied cryptography, high-assurance cryptography, web security, online privacy, software reproducibility.
EDUCATION	University of Padua , Padua, Italy Master's degree in Cybersecurity, September 2025 110 cum laude • “Fuzzy Searchable Symmetric Encryption: Design and Implementation of a Novel Scheme Toward Real-World Applications” • Thesis supervisor: Nicola Laurenti Bachelor's degree in Computer Engineering, March 2022 101 out of 110 • Courses in Computer Architecture, Software Engineering, Telecommunications, and Electronics
PROFESSIONAL EXPERIENCE	TEXA S.p.A. , https://www.texa.it <i>Cybersecurity Engineer</i> June 2022 – August 2023 Drafted operating procedures providing guidelines for secure software development. Performed vulnerability assessments and penetration testing on several web applications. Developed a background service to automate file signing and exchange via SFTP over the ENX network. Designed the new internal cryptographic key inventory to promote careful scoping and effective key rotation.
TEACHING	Information Security , University of Padua <i>Teaching Assistant</i> 2026 – Present Designed hands-on laboratory projects including the implementation of symmetric encryption primitives and padding-oracle attacks, hash functions, message authentication codes and timing side-channel attacks, digital signatures, and key-exchange protocols. Graded student submissions.
OTHER ACTIVITIES	Research <i>Searchable Symmetric Encryption</i> November 2025 – Present • Research grant by University of Padua
CERTIFICATIONS	Cryptography I , Coursera https://coursera.org/verify/P8LLQSUHS6GJ April 2021
PROGRAMMING LANGUAGES	Strong: Go, Python, Bash Intermediate: C, C++, Nix, JavaScript Basic: Lua, PHP, Java, Kotlin, Rust
